MINUTES
BISHOP FIELD SPECIAL TECHNICAL COMMITTEE
August 25, 2026

Present: Jeff Deardorff, David Santiago, William Repine, Jorge Vazquez, John Koronka

Not Present: Jacob Simpson, Brendan Curls

Meeting was called to order at 8:03 AM

Vice Chairman Deardorff discussed an iron rod fence that says “Welcome to Bishop Field” to establish a grand entrance to catch your eye.

Consensus to leave behind the field as it is but gravel parking with French drain for drainage, park at your own risk signs on the Western portion of the field, expand the informal parking area on the right field side without asphalt with a gateway for parking area

Additional consensus was had to upgrade the flag pole in the same location but with lighting and to add height, a traditional looking scoreboard with a “historic” look with opportunity for advertising, and a playground on the right field side with more netting.

Meeting adjourned at 9:00 AM

August 25, 2026 Meeting Minutes

Chairman Vazquez motioned to approve the minutes, Vice Chairman Deardorff Seconded. Meeting minutes were approved 5-0

Ranking of Priorities

Vice Chairman Deardorff discussed an iron rod fence that says “Welcome to Bishop Field” to establish a grand entrance to catch your eye.

Consensus to leave behind the field as it is but gravel parking with French drain for drainage, park at your own risk signs on the Western portion of the field, expand the informal parking area on the right field side without asphalt with a gateway for parking area

Additional consensus was had to upgrade the flag pole in the same location but with lighting and to add height, a traditional looking scoreboard with a “historic” look with opportunity for advertising, and a playground on the right field side with more netting.

ADJOURN: With no more comments, the meeting adjourned at 9:00 AM
